***Allowable Subject Matter***

1. The indicated allowability of claims 15-17 is withdrawn in view of the reasons stated below.
2. Claim 15, a five-line independent claim buried within a group of short depending claims, was inadvertently treated in the last office action as depending from claim 1. It should be noted that the previous rejection of claim 15 was not addressed at all in the arguments filed with the RCE on May 22, 2006.
3. Applicant is referred to MPEP 608.01(m) which states in part:

Many of the difficulties encountered in the prosecution of patent applications after final rejection may be alleviated if each applicant includes, at the time of filing or no later than

the first reply, claims varying from the broadest to which he or she believes he or she is entitled to the most detailed that he or she is willing to accept.

Claims should preferably be arranged in order of scope so that the first claim presented is the least restrictive. All dependent claims should be grouped together with the claim or claims to which they refer to the extent practicable. Where separate species are claimed, the claims of like species should be grouped together where possible. Similarly, product and process claims should be separately grouped. Such arrangements are for the purpose of facilitating classification and examination.

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 15-17 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Altenburger.

Note especially figures 3 and 8-10.

6. Claims 15 and 16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Frommann.

***Allowable Subject Matter***

7. Claims 1-10, 12-14, 18-23, 25-27, and 59-63 are allowed.
